## Metaphysical review

In 2007 Zbigniew Brzezinski wrote an editorial for the Washington Post entitled “Terrorized by the War on Terror” in which he described the domestic product of the new terrorism [Sunday 2007/03/25 Washington Post]

Since then, the psychological distortion effect of the echo chamber of denial, disassembly, and evasion has perverted the global course of human history.

The exploitation of the stomachs of “jobs” and the minds of “families” to the criminal evasion of prosecution is grotesque in its longevity and propagation.
